## **Tryg Investor Relations team ranked no.1 in Nordics in the 2018 Regi survey**

In the survey, more than 300 analysts evaluate Nordic listed companies on 25 different criteria including the quality of quarterly and annual reports, investor presentations, corporate website, top management credibility and overall dialogue with the investors community.

Tryg has been ranked 'best company overall' both in Denmark and in the Nordics while Tryg's IRO, Gianandrea Roberti, was also ranked no. 1 both in Denmark and in the Nordics.

- "We are very pleased with our very high rankings when it comes to investor relations. It is very important for listed companies to have a good and thorough communication with the research analysts which helps in forming an accurate and detailed understanding of the company", says Ulrik Andersson, Interim CFO in Tryg.

The Regi survey has been published for 21 years and is one of the most comprehensive and authoritative surveys in the investor relations field for the Nordic markets.
